CHRIST COLLEGE OF ENGINEERING (AUTONOMOUS)
BACHELOR OF TECHNOLOGY (REGULAR) ACADEMIC REGULATIONS,
2026

Preamble: In exercise of the powers conferred autonomous status by the provisions of UGC (Conferment of Autonomous Status upon Colleges and Measures for Maintenance of Standards in Autonomous Colleges) Regulations, 2023; Bachelor of Technology (Regular) Academic Regulations, 2026.

1. Short Title - These Regulations may be called “The Christ College of Engineering (Autonomous) Bachelor of Technology (Regular) Academic Regulations, 2026”.

2. Commencement - These Regulations shall come into force from the academic year 2026-2027.

3. Application- These Regulations shall apply to students admitted from the academic year 2026-2027.

4. Definitions-

For the purposes of these Regulations: -

- ‘*Academic Calendar*’ means the official schedule set by the College, detailing the commencement and conclusion of classes, examinations, and events for an academic year;
- ‘*Academic Council (AC)*’ means the Academic Council of the College constituted in accordance with the provisions of the UGC (Conferment of Autonomous Status upon Colleges and Measures for Maintenance of Standards in Autonomous Colleges) Regulations, 2023;
- ‘*Academic Year (AY)*’ means the academic cycle consisting of an Odd semester, an Even semester, and a Summer Semester;
- ‘*AICTE*’ means the All-India Council for Technical Education constituted under the All-India Council for Technical Education Act, 1987;
- ‘*Board of Studies (BoS)*’ means the Board of Studies constituted by the College in accordance with the provisions of the UGC (Conferment of Autonomous Status upon Colleges and Measures for Maintenance of Standards in Autonomous Colleges) Regulations, 2023;
- ‘*B.Tech. Degree Programme*’ means a programme leading to the award of a Bachelor of Technology Degree by the Parent University (A P J Abdul Kalam Technological University, Thiruvananthapuram);
- ‘*CGPA*’ means Cumulative Grade Point Average;
- ‘*CAE*’ means Continuous Assessment and Evaluation which is assessed for every student for every course during the semester;
- ‘*College*’ means Christ College of Engineering (Autonomous);
- ‘*Course*’ means a theory, project, seminar, or practical subject that is normally included in the curriculum for study for a B-Tech programme;
- ‘*Discipline*’ means a specific branch of B. Tech. Programme, such as Mechanical Engineering, Electronics and Communication Engineering, or Civil Engineering. Each discipline encompasses a set of specialized courses

designed to provide students with in-depth knowledge and skills relevant to that particular area of engineering study;

- ‘*ESE*’ means the End Semester Examination which is conducted by the college at the End of the Semester for all the courses of that semester as per the curriculum of study for the B-Tech programme;
- ‘*GB*’ means the Governing Body of the College constituted in accordance with the provisions of the UGC (Conferment of Autonomous Status upon Colleges and Measures for Maintenance of Standards in Autonomous Colleges) Regulations, 2023;
- ‘*Grade Card*’ means the certificate issued to each candidate generally containing course code, course title, grade and grade points along with SGPA of that semester;
- ‘*Regulations*’ means the Christ College of Engineering (Autonomous) B. Tech Academic Regulations 2026;
- ‘*SGPA*’ means the Semester Grade Point Average;
- ‘*UGC*’ means the University Grants Commission constituted under the University Grants Commission Act 1956;
- ‘*University*’ means the parent University, A P J Abdul Kalam Technological University; Thiruvananthapuram;

Words and expressions used in these Regulations but not defined herein shall have their respective meanings assigned to them in the Regulations or Act or Statutes.

1. GENERAL	
R1.1	The provisions contained in these regulations shall govern the policies and procedures for the admission and registration of students to B. Tech. programmes in the college imparting instruction for course, conduct of the examination, evaluation and certification of student's performance leading to the award of B. Tech. Degree(s).
R1.2	The College shall have the authority to modify the regulations from time to time with the approval of Academic Council. Principal shall modify the regulations from time to time subject to ratification by the Academic Council.
R1.3	These regulations, and any amendments thereto issued from time to time, shall be binding on all parties concerned, including students, faculty, staff, and the management of college from the academic year 2026-2027 onwards.
R1.4	These regulations shall be applicable to any new B. Tech. programme(s) that may be introduced in future.
R1.5	In all matters contained in these Regulations, the decision of the Principal as approved by the Academic Council, shall be final.

2. ADMISSION	
R2.1	Admission policies, eligibility criteria for admissions to the college, and procedures for admission shall be determined by the Government/Parent University/College and the appropriate Statutory/ Regulatory authorities.
R2.2	If at any time after admission, it is found that a candidate has not fulfilled any of the requirements stipulated by the College or the statutory body concerned, the Principal may revoke the admission of the candidate and report the matter to the GB.
R2.3	<i>Restriction on Branch Change:</i> No student shall be permitted to change the branch of study/ discipline to which they were admitted by the competent authority after the closure of the admission process.
R2.4	A student admitted to the programme shall continue their studies at the college until the completion of the programme.
3. STRUCTURE OF B. TECH. PROGRAMME	
R3.1	The duration of the B. Tech. Programme shall be 4 years (8 semesters).
R3.2	There are four options for completing a B. Tech. Programme, as outlined below:

	<i>Options for 4-year B. Tech. Programme</i>	<i>Total Credit required to complete the programme</i>
	“B. Tech.” in an Engineering Major Discipline.	170 Credits* [167 Academic Credits (as per R7.20) + 3 credits from Activity Points]
	“B. Tech. with Minor” (Minor in any Discipline, other than the Major Discipline)	186 Credits [170 Credits (B. Tech.) + 16 Credits for Minor Coursework]
	“B. Tech. with Honours” (Specialization within the Major Discipline).	186 Credits [170 Credits (B. Tech.) + 16 Credits for Honours Coursework]
	“B. Tech. with Honours and Minor”	202 Credits [170 Credits (B. Tech.) + 16 Credits for Honours Coursework + 16 Credits for Minor Coursework]
R3.3	Credit Relaxation Policy: - This policy provides flexibility for students who face challenges in earning a small number of credits, while ensuring that essential components of the B. Tech. programme are completed in full. - Minimum Credits for Graduation: Students who acquire at least 160 credits (157 academic credits + 3 Mandatory credits from student activities) after the completion of the normal programme duration of eight semesters shall be eligible for the B. Tech. Degree. - Credit Shortfall Allowance: This policy allows students to graduate even if they are unable to earn credits for courses totalling up to 10 credits. - Exclusions from Credit Relaxation: The credit relaxation does not apply to Seminar and Project/Internships, all of which are mandatory and must be completed to qualify for graduation. - Credits earned for Minor will not be considered towards the 160-credit minimum requirement. - Impact on CGPA due to unacquired credits: For courses where a student is unable to earn credits under the credit relaxation policy, a grade point of '0' will be assigned. This zero-point value will be factored into the calculation of both the Semester Grade Point Average (SGPA) and the Cumulative Grade Point Average (CGPA), potentially resulting in a reduction of the overall CGPA. - Despite a potential reduction in CGPA due to assigned zero-grade points, students who successfully acquire the minimum	

	160 credits will be eligible for graduation under this regulation, provided they fulfil all other requirements as outlined in the regulations, R.10.
--	--

R3.4	Academic Year Structure: - Semester: Every academic year is structured to include: one Odd semester, one Even semester, and one Summer semester. The Summer semester, typically scheduled during the months of May and June, provides students with the opportunity to engage in internships or pursue additional skill courses to enhance their academic and professional development. - Minimum Working Days: Each semester shall have a minimum of 90 working days out of which 75 days shall be instructional days. - In the event that holidays are declared by the district collector or the state government, the college shall reschedule the lost instructional days within the same semester, including Saturdays, to ensure the timely completion of the syllabus.
R3.5	<i>Academic Calendar:</i> The dates of major academic activities shall be published in the Academic Calendar. The academic activities in a semester shall normally include the following: • Commencement and completion of the semester • Semester enrolment dates • ESE registration dates • Schedule of examinations • Date of publishing of attendance and internal marks • Schedule of End Semester examinations • Dates of Extra/Co-curricular activities. • Submission of Student activity points • Dates of Internal and External academic audit • Internship dates • Vacation dates.

R3.6	<i>Timely completion of academic/ exam portal related activities</i> - Students are required to strictly adhere to the prescribed timelines set by the college for all student portal related activities, such as academic/examination/extracurricular activities. - To prevent the technical issues that may arise from last minute actions, students must ensure that all required data and activities are submitted and completed within the specified timeframe.
R3.7	Each branch of the B. Tech. Programme shall have a curriculum and syllabi for its courses, approved by the respective Board of Studies and Academic Council, with subsequent reporting to the Governing Body.
R3.8	Curriculum: A curriculum refers to a structured and prescribed list of courses within a programme, organized in a specific format. It outlines the academic pathway for a particular programme and includes courses categorized under various heads, such as College Core, Programme Core, Programme Elective, Open Elective, etc. This structured approach ensures that students receive a comprehensive education, covering essential courses/subjects while also providing options for specialized study within their chosen field. Course: Course refers to a specific subject, typically identified by its course code and course title, with a defined syllabus. It encompasses Theory courses, Practical courses, Embedded Theory and Lab courses, Project Based Learning courses, Capstone Projects/Internship, Seminar and Skill Enhancement Courses that are normally included in the curriculum. Each course is assigned specific credits and course outcomes, contributing to the overall academic requirements for the successful completion of the B. Tech. programme.

3.9	Syllabus: A syllabus is a comprehensive document that outlines the course objectives, content, and structure of a specific course. It includes essential details such as the course title, course code, course type, and delivery modes — Teaching Hours/Week (L-T-P-R). Additionally, it specifies the credits assigned to the course, Continuous Assessment and Evaluation (CAE) Marks, End Semester Examination (ESE) Marks, Examination duration, and prerequisites. The syllabus also provides the CO - Programme Outcome (PO) mapping, prescribed textbooks, reference materials, assessment patterns. This document serves as a guide for both students and instructors, detailing the learning expectations and assessment methods for the course.
-----	---

R3.10	Curriculum/Syllabus Revision and Updates: - The curriculum for any programme shall typically be updated once in every four years. However, innovative elective courses, open electives, industry-linked electives, and industry-linked minors may be introduced as and when needed. - The syllabus of any course offered in the curriculum can be modified or updated based on technological changes and emerging requirements. In any case, the modifications to programme core courses shall not exceed 30%. - All syllabus revisions shall be made exclusively on the recommendations of the relevant Board of Studies (BoS) and are subject to the approval of the Academic Council, with subsequent reporting to the Governing Body.										
R3.11	Credit System: The academic programmes of the College are based on credit system. The curriculum for any branch of the B. Tech. Programme shall comprise a total of 170 credits, which includes 167 academic credits and 3 mandatory student activity-based credits. The general credit allocation pattern is as follows: <table border="1"> <tr> <td>1 Hour of Lecture (L) per week</td><td>1 credit</td></tr> <tr> <td>1 Hour of Tutorial (T) per week</td><td>1 credit</td></tr> <tr> <td>2 Hours of Practical (P)/Project (R) per week</td><td>1 credit</td></tr> <tr> <td>3 to 4 Hours of Seminar (S)/Practical (P)/Project (R) per week</td><td>2 credits</td></tr> <tr> <td>1 Project Hour (R) included in Project-Based Learning (PBL) per week</td><td>1 credit</td></tr> </table>	1 Hour of Lecture (L) per week	1 credit	1 Hour of Tutorial (T) per week	1 credit	2 Hours of Practical (P)/Project (R) per week	1 credit	3 to 4 Hours of Seminar (S)/Practical (P)/Project (R) per week	2 credits	1 Project Hour (R) included in Project-Based Learning (PBL) per week	1 credit
1 Hour of Lecture (L) per week	1 credit										
1 Hour of Tutorial (T) per week	1 credit										
2 Hours of Practical (P)/Project (R) per week	1 credit										
3 to 4 Hours of Seminar (S)/Practical (P)/Project (R) per week	2 credits										
1 Project Hour (R) included in Project-Based Learning (PBL) per week	1 credit										

R3.12	Credits shall be awarded for all courses listed in the curriculum. Courses in the curriculum are classified into 1, 2, 3, and 4 credit courses based on the chosen content delivery method and the desired depth of the course. The delivery methods include Theory only, Theory with Tutorial, Theory with Lab/Practice, Theory with Project, Lab only and Massive Open Online Courses (MOOC). The L-T-P-R notation for each course signifies the allocation of hours for content delivery in terms of Lecture (L), Tutorial (T), Practical (P), and Project (R) per week.
-------	--

R3.13	Self-Study Hours (SS): In addition to lecture, tutorial, practical/practice, and project hours, the curriculum includes Self Study Hours. Self-Study Hours refer to the time students are expected to dedicate to independent learning activities outside of scheduled classroom instruction. These activities may include reviewing lecture notes, completing assignments, engaging in further reading, practicing problems, or working on projects without direct guidance from instructors or tutors. The Self Study Hours per week for each course are calculated as: SS Hours/Week = 1.5 L + 0.5 T + 0.5 P + R																																	
R3.14	Each course within the B. Tech. Programme shall be categorized into one of the eleven categories as outlined in the table below. <table><tr><th>Sl. No.</th><th>Category</th><th>Credits</th></tr><tr><td>1</td><td>Humanities and Social Sciences including Management Courses (HM)</td><td>10</td></tr><tr><td>2</td><td>Basic Science Courses (BS)</td><td>25</td></tr><tr><td>3</td><td>Engineering Science Courses (ES)</td><td>27</td></tr><tr><td>4</td><td>Programme Core Courses (PC)</td><td>46</td></tr><tr><td>5</td><td>Programme Core – Project Based Learning Courses (PBL)</td><td>16</td></tr><tr><td>6</td><td>Programme Elective courses relevant to the chosen specialization/branch (PE)</td><td>18</td></tr><tr><td>7</td><td>Open Elective Courses (OE)</td><td>9</td></tr><tr><td>8</td><td>Project/Internship/MOOC/Seminar (PR/IP/SR)</td><td>10</td></tr><tr><td>9</td><td>Mandatory Non-Credit Courses (MNC)</td><td>0</td></tr><tr><td>10</td><td>Skill Enhancement Courses (SE)</td><td>6</td></tr></table>	Sl. No.	Category	Credits	1	Humanities and Social Sciences including Management Courses (HM)	10	2	Basic Science Courses (BS)	25	3	Engineering Science Courses (ES)	27	4	Programme Core Courses (PC)	46	5	Programme Core – Project Based Learning Courses (PBL)	16	6	Programme Elective courses relevant to the chosen specialization/branch (PE)	18	7	Open Elective Courses (OE)	9	8	Project/Internship/MOOC/Seminar (PR/IP/SR)	10	9	Mandatory Non-Credit Courses (MNC)	0	10	Skill Enhancement Courses (SE)	6

2	Basic Science Courses (BS)	25																																
3	Engineering Science Courses (ES)	27																																
4	Programme Core Courses (PC)	46																																
5	Programme Core – Project Based Learning Courses (PBL)	16																																
6	Programme Elective courses relevant to the chosen specialization/branch (PE)	18																																
7	Open Elective Courses (OE)	9																																
8	Project/Internship/MOOC/Seminar (PR/IP/SR)	10																																
9	Mandatory Non-Credit Courses (MNC)	0																																
10	Skill Enhancement Courses (SE)	6																																

	Total Academic Credits	167
	Mandatory Credits from Activity Points	3
	Total Credits	170
R3.15	Programme Core (PC) courses are a compulsory component of the B. Tech. curriculum in each discipline. They are carefully designed to provide students with a strong foundation in their chosen field of study. The courses may take the form of theory classes, lab embedded theory courses, or standalone laboratory courses.	
R3.16	Project-Based Learning (PBL) is integrated into the curriculum across various disciplines, with specific courses designed to focus on project-based activities. These projects shall align with the course objectives and learning outcomes. Students are required to undertake project(s) related to the course in consultation with the faculty concerned and complete the project(s) within the semester. The curriculum of each programme includes four project-based learning courses. The optimal size for a project group shall be four members.	
R3.17	A Programme Elective (PE) course in the B. Tech. curriculum refers to a course that students can select from a specified set of options within their discipline or branch of study.	
R3.18	Levels and Multilevel Courses in B. Tech. Curriculum: A multilevel course is a structured educational approach where course content is divided into sequential levels, each designed to build upon the knowledge and skills acquired in the previous one. This progression ensures a deepening of understanding and expertise in a specific subject or skill set. The concept of multilevel courses is grounded in the philosophy of layered learning, where students are guided through increasingly complex material. This approach solidifies foundational concepts before advancing to more challenging topics, enhancing learning outcomes and preparing students for real-world engineering challenges. As student progress through these levels, they develop a comprehensive and nuanced understanding of the subject matter, equipping them with the necessary tools to excel in both academic and professional environments. Under the Programme Electives category, courses are offered at both Level 3 and Level 5. i. Level 3 Courses: Focus primarily on the lower three levels of Bloom's taxonomy (Remember, Understand, and Apply). These courses carry 3 credits with three hours of classroom instruction per week. Assessment is conducted in the same manner as standard theory courses.	

- ii. Level 5 Courses: Level 5 courses in the B. Tech. curriculum are designed to assess higher-order thinking skills, such as Analyze and Evaluate, in addition to the lower cognitive levels. These courses carry a total of 5 credits, consisting of 3 Programme Elective course credits and 2 additional credits. Each Level 5 course includes three hours of classroom instruction per week, with students also expected to dedicate an additional three hours per week to self-study. This self-study time is intended to support the development of higher-order thinking skills required for achieving the Analyze and Evaluate levels.
- iii. For Level 5 courses, the lower three levels of Bloom's taxonomy are assessed through Continuous Assessment and Evaluation and End Semester Examination, while the higher levels are assessed through the Continuous Assessment and Evaluation component.

Continuous Assessment and Evaluation (CAE) for Level 5 Courses:

Viva Component: A viva component shall be included in the Continuous Assessment and Evaluation for Level 5 courses. The viva will be conducted with an external subject expert, who must be a faculty member from another college. The viva shall be conducted during the last week of the semester in which the course is offered. There will be only one internal examination for Level 5 courses, with the internal mark distribution as follows:

- i. Internal Examination: 20 Marks
- ii. Assessment of Bloom's Taxonomy Levels:
 - Analyze: 5 Marks
 - Evaluate: 5 Marks
- iii. Viva: 10 Marks

If a student elects to take Level 5 courses, the 2 additional bonus credits earned maybe considered towards fulfilling the total 15-credit requirement for the award of an Honours Degree.

Credit Award for Level 5 Courses:

A student registered for a Level 5 course shall be awarded 2 additional credits only if both of the following conditions are met:

- i. Continuous Assessment Evaluation Score:
The student must achieve a minimum of 80% of the total marks in the CAE component of the course, or a minimum of 70% marks in the viva component alone.
- ii. Combined (CAE+ESE) Grade:
The student must secure a minimum grade of 'B' when the ESE and CAE marks are combined.

	If either of these conditions is not fulfilled, the student will be awarded only 3 credits.
R3.19	A minimum enrolment of 15 students is required to offer a Programme Elective course. However, this requirement does not apply if the total number of students admitted to the programme is less than 15.
R3.20	A student with CGPA of 9 or above up to the current semester can take a MOOC Course as an elective in the domain specified with the approval of BoS.
R3.21	Open Elective Courses (OE) are designed to broaden a student's knowledge beyond their parent discipline. Students are generally not permitted to choose open electives offered by their parent department. However, they may opt for electives offered by other departments, provided they meet any prerequisite conditions. The minimum enrolment required to offer an Open Elective course is 15 students.
R3.22	I. Students are prohibited from registering for Open Elective courses if there is more than a 30% overlap in syllabus content with the courses they are pursuing in their Major, Honours, or Minor programmes. II. Students may select an Open Elective offered by their parent department only if the following conditions are met: a. The course nomenclature must be different from the courses in their Major, or Honours or Minor programmes. b. There must be at least a 70% difference in syllabus content compared to the courses they are taking in their Major, Honours, or Minor programmes.
R3.23	Open Elective Course Selection Verification: A scrutiny committee, consisting of the Stream Coordinator, Heads of Department, and the

	Director/Dean (Academics), shall verify that the Open Elective course selected by students comply with the guidelines of OE. The Board of Studies of concerned programme will approve the final list submitted by the scrutiny committee. The list of all courses offered by the various programmes will be approved by the Academic Council.
R3.24	Programme Elective (PE) Course Change for Students with FE Status: Students who have been assigned an 'FE' (Failed due to lack of meeting Eligibility criteria) grade in a Programme Elective course are eligible to request a course change if their originally registered elective is no longer offered to the junior batch at the college. Options for the Student: I. Alternate Elective Course: The student may choose to register for an alternate elective course that is available and offered to the current batch. II. Continuation of Previously Registered Elective: The student may opt to continue with the previously registered elective course, even if it is not offered to the current batch. In such cases, the department shall make the necessary arrangements to enable the student to complete the course. III. The Head of Department must secure prior approval from the Director/Dean (Academics) and the Principal before allowing a change in the elective course.
R3.25	Students are not permitted to change the PE and OE courses chosen in a semester after completing the course registration.
R3.26	Elective Course Change After the Normal Programme Duration: Students who have not successfully completed an elective course within the normal programme duration of eight semesters shall be permitted to change their elective course. In such cases, students can register for an alternative elective within the same elective basket, provided the department is willing to offer that course. Any change in elective course must be approved by Director/Dean Academics and the Principal.
R3.27	Skill Enhancement Courses (SEC) are designed to equip students with additional expertise that complement their core engineering curriculum. These courses aim to enhance the overall skill set of students, making them better prepared to meet the evolving demands of the professional world.
R3.28	College Core (CC) courses are a mandatory set of courses for all B. Tech. students, encompassing foundational courses in Humanities, Skilling, and Computer Science. These courses are designed to provide a broad-based education and essential skills that are fundamental to the overall development of engineering students.

R3.29	Programme Elective (PE) courses form a prescribed set of optional offerings within the B. Tech. curriculum. Students may choose from this basket of courses to develop expertise in areas of personal interest and to engage with emerging trends and technological advancements in their discipline.
R3.30	Humanities and Management category courses offered through various semesters of the B. Tech. curriculum to provide the required knowledge and skills in social science and management for developing their professional competencies.
R3.31	Maximum Credit Registration in a Semester Additional Credit Limit: - The maximum number of credits a student can register for in a semester is limited to 2 theory courses or 1 theory and 2 lab courses in excess of the total mandatory credits allotted in the curriculum for that semester. - Exemption for Scheme Migration Students from non-autonomous/ autonomous batch to autonomous: There shall be no credit limit for scheme migration students when registering for transitory courses in autonomous scheme identified by the Board of Studies.
R3.32	Course Pre-Requisites: For certain courses, students are required to have prior knowledge or expertise. To register for these courses, students may need to have studied specific courses or earned credits in relevant courses. In such instances, the Board of Studies shall clearly outline and specify these course prerequisites in the curriculum and syllabus to ensure that students are adequately prepared for advanced learning.
R3.33	For Project-Based Learning (PBL) courses, one/two project hours per week is included in the curriculum. For the assessment and evaluation of projects, faculty members shall be assigned in a ratio of one faculty member for every twenty students.
R3.34	The medium of instruction shall be English. All examinations, project/seminar reports and presentations shall be in English.

4. MAXIMUM DURATION FOR COMPLETION OF B. TECH. PROGRAMME

R4.1	Additional Grace Period: - If a student has backlog courses remaining after the normal course duration of four years, the student will be permitted an additional grace period of two years to complete all courses and credit requirements specified in the curriculum. - Automatic Cancellation: After this period, the student's registration will be automatically cancelled unless an extension is granted by the College. No separate intimation regarding this cancellation will be sent to the student. - At the end of the programme duration permitted by the College, students will no longer be able to register for courses or examinations. However, they may still apply for certificates, result revaluation, cancellation/migration, and engage in other portal activities permitted by the College.
5. ACADEMIC MENTORING AND STUDENT SUPPORT	
R5.1	- Advisory System: Faculty Advisors (FAs). - Each class shall be assigned with FAs to provide focused guidance to students. - Each FA shall be responsible for overseeing the academic progress, well-being, and guidance of 20 to 25 students within their assigned class. (If there are insufficient faculty members to serve as Faculty Advisors (FAs) within the department, faculty from Science or Humanities disciplines may also be considered for these positions to ensure adequate support and guidance for students.) - Regular communication with the parents of students regarding progress in academic matters and other general issues shall be the responsibility of the FA.
R5.2	The documents concerning all curricular and co-curricular matters of students under an advisory group shall be maintained under the custody of the FA.
R5.3	Communication Protocol for Student and Parent Requests: Students and parents are required to seek advice, clarifications, and permissions regarding academic matters from their FA. All requests or applications from individual students or parents to college or university administrators must first be reviewed and recommended by their FA. The HoDs shall then forward these recommendations to the principal for further action.

R5.4	Course Faculty: Major Responsibilities: - Compliance with Regulations: The course faculty shall adhere to all regulations and syllabus requirements related to the teaching of the course and the evaluation of students. - Record Maintenance: The course faculty is responsible for maintaining all relevant records for the course, including answer books, attendance, and other essential documents of the students enrolled in the course. - Conduct of Classes: The faculty shall conduct classes according to the Academic Calendar and the teaching/learning timetable issued by the Head of the Department. - Course and Evaluation Plan Distribution: The course faculty shall provide a course plan and evaluation plan, including course objectives, course outcomes and background materials, to all students within the first week of the semester. - Evaluation Plan Preparation: The faculty shall develop a detailed evaluation plan that outlines how students' performance will be assessed throughout the course. - Documentation and Communication of Performance: The course faculty is responsible for documenting student performance and ensuring timely communication of results to students, including posting results on notice boards as stipulated by the regulations. - Reporting to HOD: The faculty shall report monthly to the HOD on cases of poor academic performance or low attendance, which may result in a 'FE' grade at the end of the semester.
R5.5	Class Committee, Course Committee and Class PTA Meetings I. Class Committee Formation: For every class, a class committee shall be constituted by the Head of department, as given below: Chairperson: Faculty Advisor nominated by the HoD Faculty Members- All faculty advisors and faculty members teaching that particular class along with a senior faculty member. Student members: A minimum of eight student representative from all genders. b. Class Committee Meetings:

	The class committee shall convene at least twice during the semester to: • Interact and express opinions and suggestions to improve the effectiveness of the teaching-learning process. • Analyse the performance of the students' in assessments and discuss ways to address any problems. • Discuss other problems faced by the students in classrooms, laboratories, and within the College. The first meeting shall be held within two weeks from the date of commencement of the semester. The second meeting shall be held after the announcement of first internal examination results. • The third meeting shall be held after the announcement of second internal examination results. II. Course Committee: a. Course Committee Formation: For every common course, a course committee shall be constituted by Director/Dean (Academics) as given below: Chairperson: Senior faculty member as recommended by Director/Dean (Academics). Faculty members: All faculty members who is teaching the course in different departments. Student members: Minimum 1 student member from each class. a. Course Committee meeting: The course committee shall convene at least thrice during the semester to: • Interact and express opinions and suggestions to improve the effectiveness of the teaching-learning process. • Analyse the performance of the students in assessments and discuss ways to address any problems. • Discuss other problems faced by the students in classrooms, laboratories, and within the College. i. The first meeting shall be held within two weeks from the date of commencement of the semester.
--	--

	ii. The second meeting shall be held after the announcement of first internal examination results. iii. The third meeting shall be held after the announcement of second internal examination results. III. Class PTA Meetings: b. Each class shall conduct a Parent-Teacher Association (PTA) meeting at least once per semester. In situations where, physical meetings are not possible, class PTA meetings may also be conducted in online mode. c. The PTA meeting should be scheduled after the first internal examination results are announced, allowing for a comprehensive discussion of students' academic progress, attendance and addressing any academic or non-academic issues faced by students. The meeting shall include the following participants: HoD, FAs and Faculty Members Parents/Guardians of the students Any actionable items or concerns raised during the PTA meeting should be addressed promptly by the concerned faculty, HoD, or College administration.
--	--

R5.6	Internal Marks and Attendance Display: - o Internal marks, course-wise attendance percentages, and activity points shall be forwarded to the Controller of Examinations portal only after communicating with the students. - o Any concerns raised by students regarding internal marks, attendance, or activity points shall be addressed by the respective HoDs. - o Minutes and Action Taken Reports: The FAs shall maintain minutes and action taken reports for all meetings. - o These records must be approved by the HoD and be made available to academic auditors and the Principal upon request.
------	---

R5.7	Maintenance of Student Records: - The FA shall maintain a hard copy of the consolidated statement of attendance, internal marks, and activity points for the students in their advisory group. - These documents must be kept with the Head of Department (HoD) at all times to ensure they are readily available for any inspections.
R5.8	- The Head of Department shall inform and forward all regulations, amendments, guidelines, academic Calendars, circulars, announcements, etc., issued by the Principal regarding student academic and other matters to the faculty/staff members for their information and timely action. - The FA shall ensure that all relevant information is communicated to the students to facilitate the timely completion of all academic activities as per the schedule published by the college.
6. ATTENDANCE	
R6.1	- Students are expected to maintain 100% attendance in all courses. However, leave up to 20% may be permitted for genuine reasons. - Attendance shall be calculated separately for each course/subject. - For all attendance-related purposes, including eligibility for the End Semester Examination (ESE) and attendance condonation, the final attendance shall be calculated by adding the duty leave approved by the Principal based on valid supporting documents along with the actual attendance earned by the student. The total attendance percentage shall be the sum of the attendance percentage secured through class participation and the eligible duty leave percentage. - A student shall maintain a minimum of 80% attendance in each course/subject during a semester to be eligible to appear for the End Semester Examination (ESE). - No separate marks shall be awarded for attendance. However, attendance shall be treated as a mandatory academic requirement for successful completion of the semester. - Students who do not satisfy the minimum attendance requirement (including approved duty leave) may be considered for condonation of shortage of attendance by the Principal on genuine medical grounds or other unavoidable circumstances, subject to the following conditions:

	a. Students with attendance between 75% and 79% may be granted ordinary condonation upon submission of a valid application and payment of the prescribed condonation fee. b. Students with attendance between 60% and 74% shall be eligible to apply for special condonation. Special condonation may be granted by the Principal in exceptional cases supported by valid documentary evidence and subject to the payment of the prescribed fee. c. Students with attendance below 60% shall not be eligible for condonation. vii. Students with attendance between 75% and 79% shall be eligible for ordinary condonation and may avail such condonation any number of times during their period of study. viii. Special condonation for attendance between 60% and 74% may normally be granted only for a maximum of two semesters during the entire programme. Requests beyond this limit shall be considered only in extraordinary circumstances with the approval of the Principal and the competent academic authority, supported by valid documentary evidence. ix. Attendance condonation shall be subject to disciplinary clearance. A student shall not be eligible for condonation if any disciplinary proceedings are pending against them. x. Disciplinary issues that may result in denial of condonation include, but are not limited to, ragging, examination malpractice, misconduct within the campus, serious violation of college rules, suspension pending inquiry, or any disciplinary action not cleared by the competent authority. xi. Before granting condonation and examination eligibility, the College shall certify that the student's conduct is satisfactory and that no disciplinary proceedings are pending. xii. Students who are not eligible for condonation, or whose condonation request is rejected, shall be awarded an FE grade (Failed due to Eligibility Shortage) and shall repeat the course/semester as prescribed by the regulations. xiii. The decision of the Principal regarding attendance condonation, disciplinary clearance, and examination
--	---

	eligibility shall be final and binding, subject to verification of all supporting documents. iii. Menstrual Leave Attendance Relaxation: A 2% relaxation in attendance shall be granted to eligible students as menstrual leave. iv. PWD Attendance Relaxation: A 5% relaxation in attendance shall be granted to students with disabilities (PWD). The students shall be informed about their attendance status periodically by the departments so that the students shall be cautioned to make up the shortage.
R6.2	Attendance Requirement Relaxation: • Eligibility for Relaxation: In exceptional cases, such as medical reasons or personal emergencies, the Principal may grant permission for condonation of attendance for students if their attendance is less than 80% but greater than or equal to 60%. • This relaxation applies to one or more courses registered in the semester. The Principal shall keep all records leading to this decision on attendance for verification by Academic Auditors. • This provision is applicable only for any two semesters during the normal programme duration. Attendance Condonation Fee: • Students shall pay a fee, as fixed by the College, for each course to avail the attendance condonation option.
R6.3	Attendance Relaxation (Duty Leave) for Participation in Official Events: - Principal is authorised to grant attendance relaxation (duty leave) to students representing the College and Zone in officially sponsored competitions, events, championships, or tournaments. - Maximum Allowable Relaxation: Attendance relaxation is allowed up to a maximum of 10% for eligible students. - Students participating in Intercollege events must produce participation certificates countersigned by the Officer in charge of the event. - If a student represents the Zone, they must produce participation certificates from the university officials to claim duty leave. For sports activities, this certificate should be countersigned by the University Event Coordinator or the Director of Physical Education. For other extracurricular

	activities, the certificate should be countersigned by the Officer in charge of the event at the University. v. Submission Process for Participation Certificates: All participation certificates should be forwarded with recommendations from the Faculty Advisor to the Head of the Department for approval. The participation certificates must be submitted within Five days of the event, and late applications will not be considered under any circumstances. vi. Requests for relaxation of attendance will be considered only at the end of the semester.
R6.4	Attendance Relaxation for Organizing Extra/Co-Curricular Activities: - The Principal is authorised to grant attendance relaxation (duty leave) to the Student Council/University Union members/Event Coordinators for organizing extra/cocurricular activities, up to a maximum of 10%. - The Principal is authorised to grant attendance relaxation (duty leave) to the executive committee members of various college events/clubs/professional bodies for organising extra/co-curricular activities, up to a maximum of 5%. - For university-level events, students must produce the required documents countersigned by the Director of Physical Education of the University or the Officer in charge of the event at the University. - For college-level activities, the documents should be countersigned by the College Union Advisor. - Submission Process for Participation Certificates: All participation certificates should be forwarded to the Head of Department with recommendations from the faculty advisor for approval. - The participation certificates/documents must be submitted within Five days of the event, and late applications will not be considered under any circumstances. - Requests for relaxation of attendance will be considered only at the end of the semester.
R6.5	While representing the University or State or Country with prior approval, shall be considered as special leave. Special Leave for Participation in Inter University Tournaments/ National and International Events: O Special Leave Eligibility: The days of participation in Inter-University tournaments or representing the

	University, State, or Country in officially sponsored competitions, championships, or events shall be considered as special leave for the students involved. - o Prior Permission: Students must obtain prior permission from the Principal and University Events Coordinator, before participating in the Inter University tournaments/events. - o Minimum Attendance Requirement: Special leave will only be sanctioned if the student has a minimum of 50% course-wise attendance for that semester. - o Certificate Submission: After the event, students must submit participation certificates, duly signed by the University Events Coordinator, within ten days of the event. Special leave requests without prior permission, participation certificate or late submissions will not be considered under any circumstances. • Record Keeping: - o The Head of Department shall maintain all records related to the sanction of special leaves, including participation certificates, for verification by Academic Auditors.
7. ASSESSMENT	
R7.1	End Semester Examinations (ESE): i. Examination Schedule: ESE shall be conducted every semester for courses as prescribed under the respective curriculum and syllabus. ii. Class Completion Requirement: Semester classes must be completed at least Seven (7) days before the commencement of the End Semester written examinations. iii. Option to Defer Examination: A student may choose to take the ESE at the end of the current semester or defer it to the end of the following semester, except for the 8th semester where this option is not available, for any courses studied during that semester.
R7.2	End Semester Examinations shall be conducted twice a year in accordance with the examination calendar published by the College. i. Syllabus Modification for Supplementary Examinations: If the syllabus of a course has been modified as per regulation, students who are attending supplementary examinations will be allowed to take the exam under the

	original syllabus for up to two supplementary examination attempts. Transition to Modified Syllabus: After the second supplementary attempt, students who have not passed the course must take the examination based on the modified syllabus. No further examinations under the original syllabus will be permitted.
R7.3	Candidates in each semester shall be evaluated both by Continuous Assessment and Evaluation (CAE) and End Semester Examinations (ESE). Unless specifically mentioned in the curriculum, the ratio of Continuous Assessment and Evaluation (CAE) to End Semester Examinations (ESE) shall be as follows: 1. Theory Courses - 2: 3 2. PBL Courses - 3: 2 3. HMC Courses - 1: 1 4. Laboratory Courses - 1: 1 5. Project - CAE only 6. Internship -CAE only 7. Seminar - CAE only
R7.4	The evaluation scheme for all course category like theory courses, theory and lab-embedded courses, lab courses, seminars, projects, and mandatory courses shall be clearly outlined and published in the syllabus of each programme.

R7.5	Continuous Assessment and Evaluation (CAE) • CAE shall be conducted based on day-to-day work, periodic tests, assignments, case studies, activities, micro projects, mini projects, MCQ, quiz, internal written examination, etc. • The evaluation pattern and weightage for each parameter shall be detailed in the syllabus of each course included in the curriculum. • The faculty member(s) assigned to a course shall be responsible for carrying out the Continuous Assessment and Evaluation (CAE) for that course. Internal Written Examinations: • The internal written examinations shall be conducted as specified in the syllabus of each course. • The duration of the written examination of theory courses shall be 2 Hours with maximum marks of 40 (two exams) or 1 Hour 15 Minutes with maximum marks of 30 (three exams). • If there are two/three written examinations, each test will cover the portion of the syllabus proportionally. • Minimum Attendance requirement for Internal examinations: 80% of attendance for each course considering attendance till 5 days before the start of examination. • Retests: Retests are permitted for students with valid reasons. • They should be conducted immediately after the completion of the second/third internal written examination, with a timetable officially published by the college's examination cell.
------	---

R7.6	Self-Study Option for students undergoing Internship (Semester 7 or 8): - Students undertaking internships in Semester 7 or 8 may opt for a self-study instead of attending regular classes. - The evaluation for self-study courses will be conducted in a similar manner as for regular theory courses. - The attendance percentage accrued during the internship period will be considered equivalent to class attendance for all courses. - All other academic requirements detailed in the course syllabi, such as assignments, micro-projects, and internal examinations, must be completed by these students as per the instructions provided by the course faculty and the Head of Department. - The registration, examination etc. will be as per the Academic/Examination calendar. - Students doing internships at a location different from their college may deliver their Semester 7 seminar in an online mode. The seminar will be evaluated using the same criteria as in-person seminars.
R7.7	Submission and Resolution of Complaints Regarding Continuous Assessment and Evaluation (CAE) Marks: The CAE marks obtained by students for all courses in a semester shall be published at least 7 days before the commencement of the End Semester Written Examinations. Submission of Complaints: Any grievances or concerns regarding the published CAE marks must be submitted by the students individually to the faculty handling the course, as well as to the Faculty Advisor, within two days of the publication of marks. Resolution Process: The Head of Department, Director/Dean (Academics), and Principal shall ensure that genuine complaints are promptly addressed and resolved.
R7.8	Students registered for a course shall attend the course regularly, complete the Continuous Assessment and Evaluation (CAE), and, if eligible, appear for the End Semester Examinations.
R7.9	To be eligible to attend the End Semester Examination for a course, students must fulfil the following criteria: Attendance: A minimum attendance of 80% is required for each course. However, the following relaxations are applicable:

	a. A 2% relaxation in attendance shall be granted to students eligible for menstrual leave, reducing the required attendance percentage to 78% for each course. b. Students with disabilities (PWD) shall be granted a 5% relaxation in attendance, lowering the minimum required attendance to 75% for each course. ii. Disciplinary Status: Students must not have any pending disciplinary actions.
R7.10	Students are expected to uphold disciplined and respectful behaviour at all times, both on and off campus. It is imperative that students avoid any actions or activities that could harm or diminish the reputation and prestige of the parent University or College.
R7.11	Students who fail to meet the minimum attendance eligibility requirement in a course shall be awarded an "FE" (Failed due to lack of meeting Eligibility criteria) grade and will be ineligible to appear for the ESE for that course.
R7.12	Registration for Courses with "FE" Grade: Students awarded an "FE" grade must register for the courses during the semesters in which the courses are normally offered. However, students may register for "FE" courses from any semester, provided those courses are offered by the department.
R7.13	Registration for Trailing "FE" Courses: A trailing student is defined as one who has completed the academic programme of the normal eight-semester duration but still has pending backlogs. Backlog subjects refer to courses from previous semesters in which the student has received an 'F' or 'FE' grade. These students must retake exams or complete assessments to fulfil degree requirements. i. Students with trailing "FE" (Failed due to lack of meeting eligibility criteria) grades are eligible to re-register for these courses to clear their backlogs. ii. Credit Limit Exemption: Trailing students may register for "FE" courses from any semester without being subject to the credit limit specified in R 3.31, provided the courses are offered by the college during the registration period.
R7.14	Syllabus Change (FE Students Re-registering a Course): If there is any change in the syllabus as per regulation, FE students who are re-registering for the course must undergo the new syllabus currently being offered.

R7.15	<i>"Ab" Grade and Option to Defer End Semester Examination:</i> i. Opting Out of ESE (Except Semester 8): • Students who have completed a course and registered for the ESE are permitted to opt out of attending the End Semester examination in any semester except Semester 8. • In such cases, an "Ab"(Absent) Grade will be assigned, provided the student meets the minimum attendance eligibility requirement. ii. Absence Due to Health Issues or Personal Emergencies: • Students who have completed a course and registered for the End Semester Examination but were unable to attend the ESE due to health issues or personal emergencies, except in Semester 8, shall be marked with an "Ab" Grade on the semester grade card, provided they meet the minimum attendance eligibility requirement. iii. First Attempt Consideration: • The next immediate examination opportunity will be considered as the student's first attempt at the examination. • These students are required to re-register for the End Semester Examination at the next available opportunity to earn the credits. iv. Conversion to "F" Grade: • If the student does not register for and attend the immediate supplementary examination offered by the university, the "Ab" Grade will be converted to an "F"(Fail) Grade. v. Absence in Semester 8: • If a student does not attend the ESE in Semester 8, an "F" Grade will be awarded, irrespective of the reasons for absence. vi. Absent for Honours and Minor Examinations: • If a student does not attend the ESE of Honours and Minor courses, an "F" Grade will be awarded, irrespective of the reasons for absence.
R7.16	Pass Criteria for Courses: i. The pass minimum for a course shall be 40% in the End Semester Examination (ESE) and 50% in the combined score of Continuous Assessment and Evaluation (CAE) and End Semester Examination (ESE). ii. Failing Grade: A letter grade 'F' will be awarded to a student if the overall mark (CAE + ESE) is below 50% or if the ESE mark falls below 40% of maximum marks of ESE.

	iii. Courses Assessed Solely through CAE: For courses that are assessed solely through CAE, the pass minimum shall be 50%.																																				
R7.17	Awarding of FE Grade for CAE-Only Courses: Students who do not achieve a passing grade or minimum attendance eligibility in CAE-only courses shall be awarded an "FE" grade instead of an "F" grade																																				
R7.18	i. Students who receive an 'F' grade in an End Semester Examination must appear for the End Semester Examination at the next available opportunities to earn the credits. ii. They shall not be permitted to re-register for the same course.																																				
R7.19	Grading and Grade Card Information: Letter Grades: At the end of each semester, a student will receive a 'Letter Grade' for every course they have registered for during that semester. These letter grades will reflect the student's performance in each course. i. Grading Criteria: Grading shall be based on the percentage of marks obtained by the student in a course, as outlined in section R 7.20. Semester Grade Card: The semester grade card will include the grade for each course, marks (CAE+ESE), along with the Semester Grade Point Average (SGPA) for that semester.																																				
R7.20	<table><tr><th colspan="3">Grade and Grade Points</th></tr><tr><th>Grades</th><th>Grade Point (GP)</th><th>% of Total Marks Obtained in the Course</th></tr><tr><td>S</td><td>10</td><td>90% and above</td></tr><tr><td>A+</td><td>9.0</td><td>85% and above but less than 90%</td></tr><tr><td>A</td><td>8.5</td><td>80% and above but less than 85%</td></tr><tr><td>B+</td><td>8.0</td><td>75% and above but less than 80%</td></tr><tr><td>B</td><td>7.5</td><td>70% and above but less than 75%</td></tr><tr><td>C+</td><td>7.0</td><td>65% and above but less than 70%</td></tr><tr><td>C</td><td>6.5</td><td>60% and above but less than 65%</td></tr><tr><td>D</td><td>6.0</td><td>55% and above but less than 60%</td></tr><tr><td>P (Pass)</td><td>5.5</td><td>50% and above but less than 55%</td></tr><tr><td>F (Fail)</td><td>0</td><td>Below 50% overall (CAE + ESE) Or Below 40 % for ESE or Absent for Honours / Minor ESE</td></tr></table>	Grade and Grade Points			Grades	Grade Point (GP)	% of Total Marks Obtained in the Course	S	10	90% and above	A+	9.0	85% and above but less than 90%	A	8.5	80% and above but less than 85%	B+	8.0	75% and above but less than 80%	B	7.5	70% and above but less than 75%	C+	7.0	65% and above but less than 70%	C	6.5	60% and above but less than 65%	D	6.0	55% and above but less than 60%	P (Pass)	5.5	50% and above but less than 55%	F (Fail)	0	Below 50% overall (CAE + ESE) Or Below 40 % for ESE or Absent for Honours / Minor ESE

	FE	0	Failed due to lack of meeting Eligibility criteria or failed in CAE only courses.	
	Ab (Absent)	0	Assigned to a student who deferred the regular ESE or was absent, but still meets the eligibility criteria.	
	Classification of B. Tech. Degree		First Class with Distinction	CGPA 8.0 and above
			First Class	CGPA $\geq 6.5 < 8.0$

R7.21	Successful Course Completion and Credit Earned: - Passing Grades: A student will be considered to have successfully completed or passed a course if any of the following grades are earned - S, A⁺, A, B⁺, B, C⁺, C, D, or P. - Credit Earned: The credits for the courses in which a student has obtained a 'P' (minimum passing grade for a course) grade or higher shall be counted as credits earned by the student.
R7.22	Semester Grade Cards and Consolidated Grade Card (CGC): - A Grade Card shall be issued to each eligible student at the end of each semester, and a CGC will be issued after the successful completion of the programme. - Grade cards for registered courses will be issued to the student after 4 weeks of the publication of the result. - The grade card shall reflect the course name, course code, grades, credits, and marks (CAE+ESE) acquired by the student for each registered course. Additionally, the grade card will indicate the month and year of examination for each course, as well as the Semester Grade Point Average (SGPA) for that semester along with medium of instruction and regulation of study. - The Cumulative Grade Point Average (CGPA) will be included in the semester grade card only if the student has cleared all courses and has no backlogs at the time of the declaration of that semester's results. - The 'F', 'FE', and 'Ab' grades obtained by a student will be removed from the grade card once the course is successfully completed. - Upon earning the required credits for the degree, the college shall issue a final Consolidated Grade Card for the B. Tech. programme.

	vii. The CGC will include the Cumulative Grade Point Average and reflect the overall performance of the student in all semesters since joining the programme. Additionally, the month and year of programme completion will also be included in the CGC. viii. The CGC shall be issued to students upon request and payment of the prescribed fee.
--	--

R7.23	The CGPA displayed on the certificate will be the most up-to-date value as of the date of issuance. CGPA Calculation Statement: - o A CGPA Calculation Statement will be provided upon formal request by the student. This statement offers a detailed breakdown of the student's Cumulative Grade Point Average (CGPA) calculation. Fee Payment: - o To obtain Consolidated Mark List and Grade Card, the student must pay the prescribed fee, as determined by the college.
R7.24	Official Transcripts (OT): i. Official transcripts shall be issued to students both before and after the completion of the programme upon request and payment of the prescribed fee. ii. Upon successful completion of the programme, the Official Transcript issued to the student shall include all the information contained in the individual grade cards for each semester, along with the month and year of passing and the Cumulative Grade Point Average (CGPA). iii. The Official Transcript issued before eighth semester will include the grade card information for all semesters that the student has successfully completed up to the date of issuance.
R7.25	Inclusion of Honours and Minor Credits in Consolidated Grade Card/Official Transcripts: i. The CGC and OT shall separately include the credits earned for Honours and Minor programmes, where applicable, highlighting the student's additional achievements beyond the core curriculum. ii. If a student has not acquired eligibility for the award of the Honours or Minor degree, the credits earned for these courses will be reflected as "Additional Credits earned" by the candidate on the CGC and OT.

R7.26	Examination Grade Sheet for Honours/Minor Programmes: The Examination Grade Sheet is an official document that allows students to view the result status of the Honours or Minor courses they have registered for in a given semester. - Separate Grade Sheets: Separate examination grade sheets for Honours and Minor courses will be accessible through the student's portal, providing a clear overview of their performance in each category. - Content of the Grade Sheet: For Minor and Honours programmes, the title of each successfully completed course, along with the corresponding number of credits and grades (if applicable) earned by the student in that particular semester, will be included in the Examination Grade Sheet.
R7.27	Position Certificate for Top 2% Students: The college shall issue a Position Certificate to the top 2% of students in each discipline or branch of study, based on their academic performance across all semesters. The ranking shall be determined by the student's Cumulative Grade Point Average (CGPA) at the end of the programme. Eligibility Criteria: - Students with any history of 'F', 'FE', or 'Ab' grades are not eligible for the Position Certificate. - Only students who have completed their degree requirements within the normal programme duration are eligible. - The certificate will be issued only after three months from the announcement of the Semester 8 results. - The ranking will be based on the CGPA as of the date of the official publishing of the position ranking. No re-ranking will be entertained after the issuance of the certificate. - Any disciplinary action during the course of the programme will disqualify a student from receiving the position certificate. The college reserves the right to amend the policy or criteria for issuing position certificates, subject to changes in academic regulations or other governing factors.
R7.28	Grade Improvement: Students are not permitted to improve the grades of a passed or successfully completed courses.

R7.29

Minimum Cumulative Credit Requirements for Registering to Higher Semesters:

Students must meet the following minimum cumulative credit requirements to be eligible for registration in higher semesters.

Semester	Total Credits Allocated in the Curriculum	Cumulative Credits	Minimum Cumulative Credits required for Regular B. Tech. Students	Cumulative Credits required for B. Tech. Lateral Entry Students
First	20	20	Not Applicable	Not Applicable
Second	24	44	Not Insisted	Not Applicable
Third	22	66	Not Insisted	Not Applicable
Fourth	24	90	Not Insisted	Not Insisted
Fifth	25	115	18 Credits from S1 & S2	Not Insisted
Sixth	25	140	Not Insisted	Not Insisted
Seventh	16	156	36 Credits from S1 to S4	15 Credits from S3 and S4
Eight	11	167	Not Insisted	Not Insisted

R7.30

Mandatory Course and Examination Registration:

- i. All students are required to register for the prescribed credits in each regular semester unless they are on authorized leave from the college.
- ii. Course Registration and Exam Registration, as per the prescribed dates announced in the Academic Calendar, are mandatory for every student.
- iii. A student who fails to complete both Course Registration and Exam Registration for all the courses listed in the curriculum for a given semester will not be eligible to enroll in the next higher semester.

R7.31	Minimum Attendance Requirement for Semester Advancement: - Students will not be permitted to register for the next higher semester if they do not achieve at least 40% average attendance in the current semester. - There shall not be any restriction for promotion from an odd semester to the next even semester, provided the student has fulfilled the minimum attendance requirement.
R7.32	All matters pertaining to the conduct of End Semester Examinations (ESE), declaration of results, revaluation, scrutiny, review, handling of malpractices, and related procedures shall be managed in strict accordance with the College Examination Manual approved by the Academic Council.
R7.33	CCTV Surveillance for End Semester Examinations: - All End Semester Examinations (ESE) shall be conducted under CCTV camera surveillance to maintain the integrity and security of the examination process. - The Principal is responsible for ensuring that all video recordings and footages are securely stored at the college for the minimum period specified in the College Examination Manual. These recordings must be readily available for review by authorized personnel if required.

8. CALCULATION OF SGPA / CGPA

R8.1	Semester Grade Point Average (SGPA) - The SGPA earned by a student is a quantitative indication of the student's performance in a semester. - The SGPA is the weighted average of the grade points obtained in all the courses registered by the student in the current semester. SGPA Calculation: - For each course registered, the grade points earned are multiplied by the credits for that course. - The sum of all such credit- grade point products is then divided by the total credits registered in that semester to calculate the SGPA for that semester. $SGPA = \frac{\sum_{i=1}^n (C_i * GP_i)}{\sum_{i=1}^n C_i}$ Where: - n is the number of courses in the semester. 'Ci' is the credit assigned for the ith course. - GPI is the grade point earned in the ith course. - The calculation includes all grades, including 'F', 'Ab', and 'FE' grade courses. 'F', 'Ab', or 'FE' grades are assigned a grade point of 0 Cumulative Grade Point Average (CGPA) Cumulative Grade Point Average (CGPA): CGPA indicates the overall performance of a student from the time of joining the programme to a specific semester. - It is calculated by taking the weighted average of the grade points obtained in all the courses registered by the student since the first semester. $CGPA = \frac{\sum_{i=1}^m (C_i * GP_i)}{\sum_{i=1}^m C_i}$ where: 'm' is the total number of courses considered in the CGPA calculation. 'Ci' is the credit assigned for the ith course and 'GPI' is the grade point for that course. - The summation is done for all courses specified in the curriculum up to the semester for which the CGPA is being calculated. The calculation includes all grades, including 'F', 'Ab', and 'FE' grade courses
------	--

R8.2	CGPA Calculation for Students Admitted under the Lateral Entry Scheme: i. For students admitted under the lateral entry scheme, credits for the first and second semester courses shall not be included in the calculation of CGPA. ii. The Consolidated Grade Card and Official Transcript for B. Tech. lateral entry students shall include the statement: "A total of 44 credits have been awarded based on the credits earned from the qualifying Diploma/Degree Programme."
------	--

R8.3	Non-Computable Courses for SGPA and CGPA: Courses that are not considered for the computation of SGPA and CGPA shall be explicitly listed in the curriculum. i. Exclusion of Minor, and Honours. Courses pursued towards a 'Minor' or 'Honours' specialization, shall not be included in the calculation of SGPA or CGPA for the main B. Tech. programme.
R8.34	SGPA & CGPA shall be calculated & corrected to 2 decimal places.

9. ACTIVITY CREDITS REQUIREMENT FOR B. TECH. STUDENTS

R9.1	i. A student must earn 3 credits by actively participating in cocurricular and extra-curricular activities, in accordance with the guidelines issued by the college from time to time. The required activity points must be earned from 3 designated groups, as specified in the B. Tech. curriculum. ii. Regular B. Tech. students are required to acquire a minimum of 120 activity points, with at least 40 points earned from each specified group, to fulfil the curriculum requirement of 3 activity credits. iii. Students are required to maintain a file containing documentary proof of the activities they have participated in, attested by the Faculty Advisor. iv. B. Tech. lateral entry students are required to acquire a minimum of 90 activity points, with at least 30 points earned from each designated group, to obtain the 3 activity credits mandated by the curriculum.
------	---

10. ELIGIBILITY FOR B. TECH. DEGREE

R10.1	A student shall be eligible for the award of a B. Tech. Degree from the Parent University upon satisfying the following requirements based on the recommendation from the college: i. Fulfilled all the curriculum requirements within the stipulated duration of the programme.
-------	--

	ii. Minimum CGPA and Credits: Must have a minimum CGPA of 5.0 AND should have minimum 160 credits including 3 credits from Activity Points. iii. Disciplinary Record: No pending disciplinary actions. The list of graduating students will be approved by the Academic council and Governing Body before submitting to the Parent University by the Principal.
R10.2	The Provisional Certificate, Consolidated Grade Card, and Migration/Cancellation certificates shall be issued to students only after the candidate has settled all dues to the College.

11. BREAK OF STUDY

R11.1	A student is permitted to avail break of study under the following circumstances: <i>i. Medical Reasons:</i> a. In case of an accident or serious illness requiring prolonged hospitalisation and rest. b. The student must submit all necessary medical reports, along with the recommendation of the treating doctor, clearly stating the reasons for the break of study and its duration. Before rejoining, the student must provide a fitness certificate from the treating doctor. <i>ii. Start-up Venture or Product Development:</i> a. If the student has a viable idea for a start-up venture or product development. b. The student must submit a project report to the college Principal, detailing the purpose, action plan, technical details, funding details, and future plans. c. The Principal shall evaluate the proposal by forming an expert team consisting of a technocrat and a bank executive and decide based on the team's recommendations. d. Break of study for a start-up is allowed only after the 4th semester. <i>iii. Taking up a Fellowship in Foreign University / National and International Industry:</i> a. If the student is taking up a fellowship at a foreign university, an Institute of national importance, or in a national or international industry.
-------	--

	b. The student must provide relevant documentation of the fellowship offer, including the duration and nature of the fellowship. c. Approval for the break of study shall be granted based on the fellowship's academic and professional value, as assessed by the college Principal, after obtaining recommendations from the IQAC and the Academic Council. <i>iv. Personal Reasons:</i> Students may apply for a break of study due to personal reasons or other circumstances that temporarily hinder their ability to continue their studies for a specified period.
R11.2	Procedure for Break of Study Approval: i The Head of Department shall submit the request received from the students for break of study and relevant documents to the Principal for final approval, along with their recommendations. ii The break of study will take effect only after receiving final approval from the Principal.
R11.3	Duration of Break of Study: i. The normal duration for a break of study is 1 year. In exceptional situations, Break of Study is permitted for a maximum duration of two years.
R11.4	Break of Study After Examination Eligibility Entry: The break of study for a student in a specific semester once the examination eligibility details for that semester have been prepared by the Controller of Examinations. Students in this situation shall only be permitted to mark break of study in the next immediate semester.
R11.5	During the break of study period, students are required to adhere to the following guidelines: i Students are not permitted to attend any regular classes offered by the College during the break of study period. ii Students are also not permitted to represent the College in any technical or non-technical events during the break of study period. iii Students are not allowed to participate in any college-level activities or events held on campus during their break of study.
R11.6	Examination Eligibility: Students are eligible to register and appear for the End Semester Examination for courses in which they have received an 'F' or 'Ab' grade.

R11.7	If a student is debarred/suspended for disciplinary reasons, it will not be considered as a break of study.
R11.8	Classification of Student Status Post-Break of Study: If a student does not rejoin the College after the permitted break of study duration and fails to communicate their status, they will be treated as being under "Uninformed Long Absence".

12. UNINFORMED LONG ABSENCE

R12.1	A student shall be classified under 'Uninformed Long Absence' if they are continuously absent from classes or other academic obligations for 20 working days without submitting a written notification to the Head of Department.
R12.2	i. The Head of Department shall send an official communication to the student, parent, or guardian within 15 working days from the start of the absence, directing the student to immediately resume attendance. ii. This communication should be delivered via registered letter and email.
R12.3	- i The proof submitted by the Head of Department for 'Uninformed Long Absence' must include the official communication sent to the student, parent, or guardian directing the student to attend classes immediately, and an undertaking that the student failed to attend classes despite the notice within the specified time (20 working days). - ii These documents shall be submitted to the Principal when marking a student as having an 'Uninformed Long Absence'. - iii The Uninformed Long Absence will take effect only after receiving final approval from the Principal.
R12.4	iv Students designated as being in uninformed long absence shall not be eligible for promotion to the next semester alongside their peers.
R12.5	Rejoining After Uninformed Long Absence: i. Rejoining for Students (Except First-Year): Students, except those in their first year, are permitted to rejoin within a maximum period of one year following the marking of their 'Uninformed Long Absence'. - v Rejoining for First-Year Students: First-year students are permitted to rejoin if they submit a rejoining request within a maximum period of two months after being marked as Uninformed Long Absence. However, they shall not be permitted to rejoin if they submit the request after the last

	working day specified in the second semester academic calendar.
R12.6	Rejoining Fee: i A rejoining fee, as fixed by the college, shall be collected from the student upon approval of their rejoining request.
R12.7	Removal from Roll List: i. If students do not rejoin the college within the time limit specified in Regulation R 12.5, the colleges are authorized to remove their names from the roll list with the approval of the Principal. ii. A cancellation certificate or migration certificate can be issued to the student upon formal request. A prescribed fee will be collected from the student for the issuance of these certificates. The certificate will only be issued if the student has cleared all outstanding dues to the college.

13. SCHEME MIGRATION

R13.1	Credit Transfer and Transitory Courses: In cases of readmission from the 2024 scheme to the 2025 scheme, the respective Board of Studies shall be responsible for preparing the courses for credit transfer or identifying transitory courses by comparing the 2024 and 2025 curricula and syllabi of the applicant. The Academic Council of the college shall review the recommendations from the BoS and make an appropriate decision based on these recommendations.
R13.2	- i The relevant Board of Studies of the college shall prepare a detailed table specifying transitory or equivalent courses for each B. Tech. programme by thoroughly comparing the curriculum and syllabus of the 2024 and 2025 schemes. - ii The Board of Studies may favourably consider the credits earned by students under the 2024 Scheme when determining the additional courses, whether audit or credit courses, that students need to complete under the new scheme.
R13.3	- i Students who took a break of study in Semester 1 of the 2024 Scheme will be allowed to rejoin and register afresh in Semester 1 under the 2025 Scheme as per the clause. - ii Students who took a break of study during Semester 2 in the 2024 Scheme are permitted to rejoin Semester 1 under the 2025 Scheme. This option enables them to address their academic gaps from the start of the program, ensuring full alignment with the 2025 Scheme curriculum. Alternatively,

	students may rejoin directly in Semester 2 under the new Scheme, following the scheme migration rules.
R13.4	Rejoining After a Break of Study in Semesters 2, 3, 4, and 5 (Students of the 2024 Scheme Without Backlogs): i. Audit Courses Requirement: a) Students of the 2024 Scheme who rejoin in Semesters 2, 3, 4, or 5 without any backlogs are required to undergo only the audit courses identified by the respective Board of Studies. b) There shall be no examinations or credit allocation for these audit courses.
R13.5	Rejoining After a Break of Study in Semesters 2, 3, 4, and 5 (Students of the 2019 Scheme with F and FE Grades) i. Scheme Migration for FE Grade Courses: - For students with an FE grade in courses under the 2024 scheme, they must undergo the equivalent courses of the 2025 scheme once again and fulfil all eligibility conditions to be eligible to write the end semester examination. ii. Scheme Migration for F Grade Courses: - For courses where a student has received an "F" grade under the 2024 scheme, the student is not required to retake the equivalent course under the 2025 scheme. However, the student must appear for the End Semester Examination as per the 2025 scheme. - The internal marks earned by the student under the 2024 scheme will be carried forward and converted to the equivalent percentage under the 2025 scheme for the purpose of final grade calculation. Any fractions of marks during the computation of the internal mark shall be rounded off to the next higher integer. iii. Transitory Courses for Non-equivalent Courses: - If there are no equivalent courses in the 2025 scheme for courses in which a student has received an F or FE Grade under the 2024 scheme, the Board of Studies (BoS) shall identify appropriate courses in the new scheme to serve as transitory courses.
R13.6	Credit Limit for Transitory Course Registration in Scheme Migration: There shall be no credit limit (R 3.31) for Scheme migration students regarding the maximum number of credits they can register for in a semester, provided the courses are offered by the college.

R13.7	Applicable Regulation and Mandatory Course Registration After Rejoining - i If students rejoin a batch after a break of study, Uninformed Long Absence, or scheme migration, the regulations of the B. Tech. batch in which they rejoin will be applicable. - ii Students shall also be required to register for and complete all the courses listed in the curriculum along with other students as per the B. Tech. 2025 regulation, irrespective of the semester in which they rejoin.
R13.8	Mandatory Student Activities After Rejoining Completion Requirement: - i Students who rejoin a batch after a break of study, Uninformed Long Absence, or scheme migration shall be required to complete the 3 credits for Mandatory Student Activities as per the 2025 regulation. - ii Scheme Migration students must earn a minimum of 5 points per semester in each specified group during their period of study, in accordance with the 2025 regulation.

14. MINOR IN ENGINEERING

The B. Tech. (Minor) is an extension of the Bachelor of Technology degree, allowing students to pursue additional courses in a discipline outside of their primary field of study. This option provides an opportunity for students to gain expertise in a secondary area, thereby broadening their knowledge base and enhancing their qualifications in multidisciplinary fields. By completing the minor, students can diversify their skill set and open up additional career paths that require a broader understanding of multiple disciplines.

R14.1	i. Types of Minors: Minors can be offered in specialised areas, on a branch-wise basis or as Industry Linked Minors. ii. Minors in specialised areas and industry-linked minors can be offered by a single department or in collaboration with two or more departments. iii. Curriculum and the syllabus of the minors shall be approved by the Board of studies and the Academic Council.
R14.2	Industry Linked Minors (ILM) offered by the college: i. The Board of Studies of the programme concerned, in collaboration with industry partners/Government agencies and Organizations, shall be responsible for designing the syllabi for Industry Linked Minors. ii. The industry will play a pivotal role in designing the course content, delivering the course, and assessing the outcomes.

	iii. A faculty member of the college assigned to deliver the content for an Industry Linked Minor course must have received appropriate training from the industry partner. The assigned faculty member, in collaboration with the industry partner, will be responsible for ensuring the proper delivery and assessment of the course. iv. The valuation of answer scripts for ILM courses shall be conducted at the college level.
--	--

R14.3	Registration for Minor in Engineering: - i All B. Tech. students having a CGPA of 6 or above till 2nd semester shall be eligible to register for Minor in Engineering. - ii Registration for a Minor is permitted at the beginning of the third semester. - iii A student can opt for only one minor specialization. Once a Minor specialization is registered, it cannot be changed. - iv A minimum enrolment of 15 students is required to offer a minor programme.
R14.4	Minor Registration Restrictions: i. Students are generally not allowed to register for minors offered by their parent branches. ii. Additionally, students are prohibited from opting for minor courses if there is more than 30% syllabus content overlap between courses listed in the major and minor programmes.
R14.5	In exceptional cases, students may select a minor offered by their parent department if both of the following conditions are met: i. Course Nomenclature: The course nomenclature differs significantly from the courses in their Major and Honours programs. ii. Syllabus Content Difference: There must be at least a 70% difference in syllabus content compared to the courses they are taking in their Major and Honours programmes.
R14.6	The Board of Studies shall publish the details of branches of students eligible to opt for a Minor programme offered by a department or departments.
R14.7	Minor Programme Selection Verification: i A scrutiny committee, consisting of the Senior Faculty Advisors (SFAs), Heads of Departments, IQAC Convener, and the Academic Director, shall verify that the Minor programme selected by students complies with the guidelines R 14.3 to R 14.6.

	ii The Academic Council shall then verify and approve the final list submitted by the scrutiny committee. iii The minutes of the scrutiny committee and Academic Council meetings shall be made available for verification by external auditors upon request.
R14.8	Credit Requirement for Minor: i The student shall earn an additional 16 credits to be eligible for the award of a B. Tech. degree with a Minor. Minor Course Distribution: ii The distribution of courses for the B. Tech. (Minor) programme is structured to ensure a balanced and comprehensive acquisition of knowledge in the chosen minor discipline. The minor courses and credits are allocated across four semesters to progressively build the student's expertise: Semester 3 - 4 Credits Semester 4 - 4 Credits Semester 5 - 4 Credits Semester 6 - 4 Credits
R14.9	Students can register for approved MOOC courses with a minimum duration of 12 weeks to earn credits for minor degree in all the semesters
R14.10	Assessment and Credit Earning for Courses through MOOCs The assessment and certification of MOOCs shall adhere to the prescribed norms set by the respective MOOC platforms. • Candidates must present the certificate issued by the MOOC conducting agency as proof of credit attainment. • This certificate must be submitted within the normal programme duration, in accordance with the guidelines issued by the college.
R14.11	<i>Completion Requirement for Minor:</i> i If a student does not achieve the mandatory 16 credits as specified in the Minor Degree curriculum and in accordance with Regulations R 14.8 to R 14.11 within the standard four-year programme duration, the Minor will not be awarded. ii If a student who has registered for a minor programme does not become eligible for the Minor degree, the credits for the completed Minor courses shall be reflected in the Consolidated Grade Card but will not be included in the SGPA and CGPA calculations.
R14.12	Grace Marks shall not be awarded for Minor courses.
R14.13	The additional credits earned for B. Tech. Minor courses shall not be considered for calculating the SGPA/CGPA.

R14.14	Credits earned in the Minor programme shall not be transferable to the regular B.Tech. programme, and credits from the regular B.Tech. programme shall not be transferable to the Minor programme.
R14.15	Upon completion of the programme, students will be awarded a degree stating, "Bachelor of Technology in [Major] with Minor in [Minor]." The consolidated grade card will reflect this information, including a list of the courses taken for the Minor.

15. B. TECH. (HONOURS)

The B. Tech. (Honours) is an enhanced version of the B. Tech. degree, offering students the opportunity to undertake additional courses within their own discipline. This pathway allows students to deepen their knowledge in emerging or advanced areas of engineering relevant to their field of study, providing a stronger foundation for specialized career paths or further academic pursuits.

For the award of Honours to B. Tech. students, all requirements for both the basic degree and the Honours must be completed within the normal period of the programme for which the student is registered.

R15.1	Eligibility and Qualification for B. Tech. (Honours): - All B. Tech. students with a CGPA of 8 till 3rd semester is eligible to register for B. Tech. (Honours). - The B. Tech. (Honours) registration shall be along with the registration of the 4th semester. However, to qualify for the award of B. Tech. (Honours), students must achieve a CGPA of 8 or higher at the end of the eighth semester and meet the specific academic requirements outlined in this Regulation.
R15.2	Credit Requirement and Course Distribution for B. Tech. (Honours) Degree Credit Requirement: The student shall earn additional 16 credits to be eligible for the award of B. Tech. (Honours) Degree.

R15.3	Course Distribution: 16 credits are distributed across four semesters to ensure a structured and progressive acquisition of knowledge in the Honours discipline. Semester 4 - 4 Credits Semester 5 - 4 Credits Semester 6 - 4 Credits Semester 7 - 4 Credits
-------	---

R15.4	Students can register for approved MOOC courses with a minimum duration of 12 weeks to earn credits for minor degree in all the semesters
R15.5	Assessment and Credit Earning for MOOCs • The assessment and certification of MOOCs shall adhere to the prescribed norms set by the respective MOOC platforms. • Candidates must present the certificate issued by the MOOC conducting agency as proof of credit attainment. • This certificate must be submitted within the normal programme duration, in accordance with the guidelines issued by the college.
R15.6	If a student fails in any course, including the course chosen for B. Tech. (Honours), he / she shall not be eligible to continue the B. Tech. (Honours).
R15.7	Conferment of "Bachelor of Technology (Honours)" The "Bachelor of Technology (Honours) in [Major]" will be conferred upon students if they satisfy all the following conditions: - CGPA Requirement: The CGPA at the end of the eighth semester shall be greater than or equal to 8.0. - Programme Duration: All academic requirements for the award of the Honours degree must be completed within the normal programme duration of 4 years. - All MOOC courses should have completed and certificate issued within the stipulated time duration of B. Tech degree from 4th semester to 8th semester.
R15.8	Grace Marks shall not be awarded for Honours courses.
R15.9	If a student who has registered for an Honours programme does not become eligible for the Honours degree, the credits for the completed Honours courses shall be reflected in the Consolidated Grade Card but will not be included in the SGPA and CGPA calculations. However, the Honours credits will be considered for SGPA and CGPA calculations if the B. Tech. degree is awarded as per this Regulation.
R15.10	Awarding Honours and Minor Degree: A student who successfully completes the eligibility requirements for both the Honours and Minor programmes will be awarded a degree stating, "Bachelor of Technology (Honours) in [Major] with Minor in [Minor]."

16. MASSIVE OPEN ONLINE COURSE (MOOC)

R16.1	The MOOC shall be considered valid only if it is conducted by agencies such as AICTE, NPTEL, SWAYAM, NITTTR, or other agencies approved by the academic council of the college.
R16.2	The MOOC should have a minimum duration of 8/12 weeks as per the credit requirement of course in academic curriculum.
R16.3	The course should be taught in online mode. The course should include a proctored/offline End Semester examination.
R16.4	At least 70% of the course content should match the area of study addressed by the concerned Minor/ Honours /Major course.
R16.5	Students are prohibited from opting for MOOC courses if there is more than 30% syllabus content overlap between courses/subjects listed in the Major, Minor, Honours programmes or with an open elective.
R16.6	Selection and Review of MOOC: - Guidelines for MOOC Selection: The Board of Studies shall issue clear guidelines for selecting MOOCs from an approved list. - Annual Review and Updates: The BoS is also responsible for conducting an annual review of these courses, updating the list as necessary based on feedback from students and faculty. - Publication of Approved MOOCs: The college shall publish the revised list of approved MOOCs before the commencement of each semester, in accordance with the review report submitted by the BoS.
R16.7	MOOC Selection Verification: Students are permitted to credit approved MOOC courses offered by NPTEL / SWAYAM / AICTE / UGC as part of the curriculum. A scrutiny committee, consisting of the Senior Faculty Advisors (SFAs), Heads of Departments, IQAC Convener, and the Dean (Academics), shall verify that the MOOCs selected by students comply with the guidelines of these regulations.
R16.8	MOOC Course Registration and Grading: - Students may register for and complete a MOOC included in the curriculum of their programme (Major, Honours, and Minor) in any lower semester. - However, the credits earned for the MOOC will only be awarded and reflected in the grade card for the respective semester in which the course is officially part of the curriculum.

- III. The final consolidated score awarded by the MOOC platform shall be considered as the End Semester Examination (ESE) score for that course.
- IV. The MOOC score shall be directly converted to letter grades and grade points as per the University-approved Grading Table, identical to the grading system applicable for regular theory courses.
- V. The converted grade shall be included in SGPA and CGPA calculation similar to any other academic course.
- VI. A minimum of 50% in the MOOC final score is required to be declared **PASS.**

MOOC Final Score (%)	Letter Grade	Grade Point (GP)	Performance Descriptor
90 and above	S	10	Outstanding
85 – 89	A+	9	Excellent
80 – 84	A	8.5	Very Good
75 – 79	B+	8	Good
70 – 74	B	7.5	Above Average
65 – 69	C+	7	Fair
60 – 64	C	6.5	Satisfactory
55 – 59	D	6	Acceptable
50 – 54	P (Pass)	5.5	Marginal Pass
Below 50	F (Fail)	0	Fail

- R16.9 Completion of Honours and Minor MOOCs within Normal Programme Duration:
- i. Students must complete the MOOCs required for Honours and Minor degrees within the normal duration of the programme.
- Any MOOCs completed or passed by the student after the normal programme duration will not be considered for the award of Honours or Minor degrees.

17. GRACE MARKS FOR SPORTS / ARTS COMPETITIONS	
R17.1	Only bona-fide, regular candidates are eligible for the award of Grace Marks.
R17.2	The criterion for the award of Grace Marks is representing the Parent University/State/Country in officially sponsored competitions/championships/tournaments with prior official permission from the College.
R17.3	<i>Grace Marks for End Semester Written Examinations:</i> - Grace Mark Allocation: Grace marks will be awarded for each course in which the college conducts the End Semester Written Examinations. The grace mark shall be 10% of the ESE marks for that course as specified in the curriculum. - Maximum Marks Condition: The total marks for a course, including the grace marks, must not exceed the maximum allowable ESE marks for that course. - If a candidate does not achieve the minimum required passing marks after applying the grace marks, additional moderation, as determined by the respective board, may be granted to achieve a pass.
R17.4	Grace Marks for the winners of Events organized by the Parent University: - Grace marks shall be awarded to the winners (First, Second, and Third places) of state-level events conducted by the Parent University based on the list received from the University. - Grace Mark Allocation: Grace marks will be awarded for each course in which the college conducts the End Semester Written Examinations. The grace mark shall be 5% of the ESE marks for that course as specified in the curriculum. - Maximum Marks Condition: The total marks for a course, including the grace marks, must not exceed the maximum allowable ESE marks for that course. - If a candidate does not achieve the minimum required passing marks after applying the grace marks, additional moderation, as determined by the respective board, may be granted to achieve a pass.

R17.5	Grace Marks Awarding Criteria: - Current Semester Performance: Grace marks shall be awarded for the regular examination of the current performing semester. - Single Achievement Eligibility: Only the single highest achievement during the semester period shall be eligible for the award of grace marks. - Semester Period Consideration: Grace marks will be allocated based on the semester period (Odd or Even) as published by the University/College for each semester, and they will only be applicable within that specific period. - Non-Redistribution Between Semesters: Grace marks shall not be redistributed from one semester to another semester. - Non-Redistribution Between Courses: Grace marks cannot be redistributed from one course to another within the same semester. - Exclusions: Grace Marks shall not be awarded for supplementary examinations, Honours, Minor courses, or MOOC Courses. - First Chance Consideration: Grace marks will be granted to a candidate if the examination is considered their first chance for a particular course, as defined under this Regulation.
R17.6	Submission of Grace Marks Request: - The request for Grace Marks shall be submitted to the Controller of Examinations through the Principal, accompanied by all relevant documents. - The submission must be made within the timeframe prescribed by the College. - Any requests received beyond this timeframe shall not be considered under any circumstances.

18. GRACE MARKS FOR PERSONS WITH DISABILITY (PWD)

Integration of RPWD Act, 2016 in B. Tech. 2025 Regulations:

The Rights of Persons with Disabilities Act, 2016 (RPWD Act), and its provisions, including the implementation of Unique Disability Identity (UDID) Cards, shall be fully integrated and adhered to in the B. Tech. 2025 regulations.

R18.1	Awarding Grace Marks for PWD Candidates: - PWD candidates who are eligible for Grace Marks shall be awarded these marks for both regular and supplementary examination attempts until they pass the entire examination. - The Grace Marks awarded to PWD candidates shall be 25% of the marks scored by the candidate in each course at the time of finalization of the results. The total marks for a course, including the grace marks, must not exceed the maximum allowable ESE marks for that course. - Grace Marks shall be awarded for: - Courses in which the University conducts End Semester written and practical examinations. - Courses in which the University does not normally conduct End Semester Examinations. - Minor and Honours courses. - Fractions of marks if any, while computing the Grace Marks shall be rounded off to the next higher integer. - Transfer of marks from one paper to another shall not be permitted. - Grace marks shall not be awarded for MOOCs.
R18.2	Submission of Grace Marks Request: - The request for Grace Marks shall be submitted to the Controller of Examinations through the Head of Department, accompanied by all relevant documents. - The submission must be made within the timeframe prescribed by the college. - Any requests received beyond this timeframe shall not be considered under any circumstances.
19. INTER COLLEGE TRANSFER	
R19.1	The autonomous college shall permit inter-college transfer in accordance with the directives from the parent university.

20. MIGRATION FROM OTHER UNIVERSITIES

R20.1	The autonomous college shall permit migration from other universities in accordance with the directives from the parent university.
21. STUDENT EXCHANGE PROGRAMME	

R21.1	i. Exchange programmes shall be conducted with Institutes of National Importance (INIs) in India, as recognised by the Ministry of Education, or with universities/Colleges with which parent University has established bilateral agreements or MoUs or with college having a tripartite agreement including college and parent university ii. Exchange programmes with international universities/Colleges shall be limited to those ranked below 1000 in the QS/THE/ARWU World University Rankings or with universities/Colleges with which has established bilateral/tripartite agreements or MoUs.
R21.2	i. Students must have a minimum CGPA of 7 up to the last declared results to be eligible for participation in the exchange programme. ii. Additionally, students must have no pending disciplinary actions and no backlogs at the time of application.
R21.3	The programme is open to students in their 3 rd /4 th year for undergraduate studies.
R21.4	<i>Duration for Student Exchange Programme:</i> i. The exchange programme shall have a minimum duration of one semester and may extend up to a maximum of two semesters. ii. Two-year student exchange programmes are permitted if college signs a Memorandum of Understanding (MoU) with a foreign university, in accordance with AICTE guidelines and with the approval of the parent University. In such cases, students with a minimum CGPA of 6.5 up to the last declared results are eligible for participation in the exchange programme. All other eligibility conditions shall remain the same.
R21.5	i. Before departure, students must select core courses and elective baskets at the host university that align with their curriculum. ii. The principal shall inform the parent university along with the course equivalency review report, including the syllabus and other relevant information. This report must be verified by the Head of the Department, the IQAC of the college. The list should be approved by the College Academic Council.

R21.6	i. The relevant BoS shall thoroughly compare the selected courses with the college curriculum to identify equivalent or suitable courses, ensuring they meet the necessary academic requirements for credit transfer. ii. If an exact match or equivalent courses are not available in the same semester, core or elective courses that provide similar knowledge or skills, offered in any semester or through similar programmes at the host university during the student exchange programme, may be considered for equivalency. iii. Courses shall be pre-approved by the college academic council to ensure proper credit transfer.
R21.7	Students participating in international exchanges are responsible for obtaining the necessary visas, arranging travel, accommodation, insurance, and fulfilling other requirements specified by the host university and host nation.
R21.8	Students shall adhere to the code of conduct of the college, host college and the parent university of the autonomous college.
R21.9	Upon return, students shall submit their transcripts from the host College to their parent college. Credits earned during the exchange programme shall be transferred to the student's college record and applied toward their degree requirements, provided the courses were pre-approved by the college academic council and successfully completed.
R21.10	Credit Transfer and CGPA Calculation Policy for Student Exchange Programme: i. The number of credits transferred from the host College shall be counted towards fulfilling the minimum credit requirements of the B. Tech. programme at the college. ii. Equating Credits to college System: Credits earned from the host College shall be equated to the college credit system to ensure consistency in academic standards and alignment with the college curriculum. iii. Transcripts/CGC issued by the college will only list the courses, credits, and grades completed at the college. iv. The transcripts/CGC will not include a detailed listing or breakdown of individual courses for transferred credits. v. Transferred credits from a host College shall be incorporated

	into the CGPA calculation at the college. However, to ensure consistency and fairness, the grades earned at the host College must be converted to the equivalent college grading scale before being included in the CGPA calculation. vi. The credits transferred from the host College will be indicated as a total at the bottom of the Consolidated Grade Sheet, labelled as 'Total Credits Transferred from (Name of the Institute/University, place and Country)'.
R21.11	If equivalent courses cannot be identified or successfully completed during the exchange, students shall be required to complete additional courses recommended by the Board of Studies (BoS) upon their return to the college to fulfil their academic requirements.
R21.12	Compliance with Government and AICTE Orders for Student Exchange Programmes: All applicable government and AICTE orders issued from time to time shall be binding on student exchange programmes.
22. INTERNSHIPS	
R22.1	Students are permitted to undertake two types of internships: 1. Short-Term Internships 2. Long-Term Internships.
R22.2	Short-Term Internships/Summer Internships: • Students are allowed to pursue summer/short-term internships after the completion of their Fourth Semester and Sixth Semester Examination. • The period for a Short-Term Internship shall not exceed 4 weeks.
R22.3	Long-Term Internships: • Students can opt for the Long-Term Internship either in the 7th or 8th semester. • The internship period for a Long-Term Internship should last a minimum of 4 months but not exceed 5 months (4 to 5 months). • Eligibility Criteria: Students who have successfully completed all theory courses listed in the seventh/eighth semesters of their Programme curriculum through MOOC courses are eligible to apply for a one- year

R22.4	Option for 1 Year Internship: - i This policy allows students to opt for a one-year internship during their final year, provided they meet specific eligibility criteria and adhere to the college's long-term internship guidelines. - ii Eligibility Criteria: Students who have successfully completed all theory courses listed in the seventh and eighth semesters of their Programme curriculum through MOOC courses are eligible to apply for a one-year internship. Remaining Courses: i. Eligible students must have only the following courses pending: a. Seminar in Semester 7. b. Project/Internship in Semester 7 and 8. ii. Internship Approval: Students meeting the above eligibility criteria may join a one-year internship, provided they also satisfy all other eligibility requirements outlined in the Long-Term Internship Guidelines. Final approval for the internship will be granted by the Principal, ensuring that all academic requirements are met. - iii Integration of Project/Internship: The Project/Internship component in Semester 7 and 8 may be integrated with the one-year internship, subject to approval from the Principal. The integrated internship must align with the academic objectives of the student's programme. - iv All such cases to be reported in the respective BoS and College Academic council. - v This policy provides flexibility to students in their final year to gain extended industry experience while fulfilling the remaining academic requirements.
-------	---

R22.5	Internship Guidelines and Eligibility Conditions: i. The detailed guidelines and eligibility conditions for internships, including both short-term and long-term options, shall be published separately by the College. ii. These guidelines may be modified by the College as needed to ensure they remain relevant and effective.
-------	---

R22.6	Students must not have any pending disciplinary action to be eligible for both short- term and long-term internships.
23. INDUSTRIAL VISIT	

R23.1	Industrial Visit and Industrial Training: i. Industrial Visit (IV): - Industrial visits are permitted from first semester (S1). - A maximum of 12 days is allowed for the IV, with no more than 6 working days included in this period. ii. Industrial Training: - Students who do not participate in the industrial visit must attend industrial training during the same period. iii. Attendance: - The period of industrial visit or industrial training (maximum of 6 days) shall be considered for granting attendance to the students. Guidelines: The detailed guidelines for the IV shall be published separately by the College.
24. Ombudsperson	
R24.1	The College shall appoint an Ombudsperson, in accordance with the provisions contained in the University Grants Commission (Redressal of Grievances of Students) Regulations 2023, as amended from time to time for the redressal of grievances of students.
25. OVERRIDING PROVISIONS	
R25.1	Notwithstanding anything contained in these regulations, the appropriate statutory bodies of the College shall have the power to amend, modify or repeal any of these regulations from time to time. The Principal of the college on urgent prerequisite can issue orders to modify, repeal or amend the regulations which should be ratified by the immediate academic council.
